

Al Hassan to distribute Rosa aluminium poles and columns

Al Hassan Electricals, the flagship company of Al Hassan Group, formally announced its association with Rosa, Poland, a market leader in innovative anodised aluminium Poles and Columns, as its sole distributor in Oman. The announcement was made at a seminar organised jointly by Rosa and Al Hassan Electricals Co (AHE), at the Grand Hyatt hotel in Muscat.

Al Hassan & Rosa have already executed the most prestigious Seeb Seafront project part of the Majestic Muscat series from Muscat Municipality. Recently they have also been awarded the Wave realm park project from The Wave Muscat.

The occasion was graced by Al Hassan Group's top management led by Hassan bin Ali Salman, chairman; Maqbool bin

Ali Salman, managing director, and was well attended by high profile lighting designers, architects, interior designers, consultants, contractors and representatives of media.

Stanislaw Rosa, chairman, Rosa, said "We are delighted to partner with Al Hassan Lighting Division who are the leading distributors/lighting solutions providers in the sultanate of Oman. Our products are anti-corrosion resistant having a warranty of ten years which is extremely suited to the local climatic conditions. These poles can be made available in different colours suited to the project requirement which is a very unique feature. We are confident that our products will be well received in Oman."

Hassan Salman in his opening

remarks mentioned that Al Hassan Lighting and Automation Division which was set up in 2007, has been able to quickly establish itself as a Total Solutions Provider in Oman for Lighting and Automation design and products requirement of customers from projects inception until successful completion.

Maqbool Salman remarked that "Between Al Hassan's past, present and future, there is one common factor. Relationship built on Trust with all our stakeholders - customers, principals, employees, etc. This is the core brand equity of Al Hassan Group. LED is one of the major innovations in Lighting and Al Hassan is committed to drive LED applications to consumers as well as professional users.
