

# AL Hassan, ROSA celebrate association

AL HASSAN Electricals, the flagship company of Al Hassan Group formally announced their association with ROSA, Poland, a pioneer and market leader in innovative anodised aluminum poles and columns, as their sole distributor in Oman. The announcement was made at a seminar organised jointly by ROSA and Al Hassan Electricals Co LLC (AHE), at the Grand Hyatt hotel in Muscat.

AL Hassan and ROSA have already executed the most prestigious SEEB SEA FRONT project part of the Majestic Muscat series from Muscat Municipality. Recently they have also been awarded the Wave realm Park from the Wave Muscat

The occasion was graced by Al Hassan Group's top management led by Hassan bin Ali Salman, Chairman, Maqbool bin Ali Salman, Managing Director, and was well attended by high profile lighting designers, architects, interior designers, consultants, contractors and representatives of media.

On the occasion, Mr Stanislaw Rosa, Chairman ROSA said "We are extremely delighted to partner with Al Hassan Lighting Division who are the leading distributors/lighting solutions providers in the sultanate of Oman. Our products are anti-corrosion resistant having a warranty of 10 years which is extremely suited to the local climatic conditions. These poles can be made available in different colours suited to the project requirement which is a very unique feature. We are confident that our products will be well received in Oman."
